**The Chernobyl disaster** occurred on April 26, 1986, at the Chernobyl Nuclear Power Plant in northern Ukraine. It was one of the worst nuclear accidents in history, releasing large amounts of radioactive material into the environment. The nearby city of Pripyat was evacuated, and a large exclusion zone remains uninhabited today. The disaster had serious health, environmental, and economic consequences that are still felt decades later.

**Welcome to our Parish! Вітаємо Вас у нашій парафії!**

God's grace meets us especially in our weakness, where His power is made perfect. As written in Bible, "The Lord is my shepherd; I shall not want." Let us walk in faith and reflect His light to others.

Божа благодать особливо торкається нас у нашій немочі, де Його сила виявляється досконалою. Як сказано в Біблії: «Господь — Пастир мій, і ні в чому не матиму нестачі». Отож ходімо у вірі, виявляючи любов і милосердя до інших, які ми отримали від Господа нашого Ісуса Христа.
